

MAKE THIS SUMMER A MEMORABLE ONE FOR A FORT WORTH CHILD

## EDUCATION

The goal of United Community Centers' Summer Education Enrichment Program is to assess students and maintain or advance learning levels through Literacy by Design or Scholastic programs. Subjects include; reading, mathematics, and science.

## EXPERIENCE

Building memories and opening minds is the goal of United Community Centers each summer. Children will have the opportunity to participate in fun field trips around the metroplex, roller-skating and pool parties. Each day, children will get to experience new adventures and possibilities while simultaneously broadening their knowledge and skills.

## ENRICHMENT

The staff and volunteers are committed to providing rewarding opportunities for students to benefit from each summer. Mentors spend time with campers to guide them in personal growth and self-awareness while building character and confidence.
